

Social Security Administration

Important Changes

BEGINNING January 2025, an appointment will be required for most services at all locations. Appointments reduce your wait time and you may even be able to make a video or telephone appointment and avoid a trip to the office.

BEFORE JANUARY 2025

Need a new or replacement Social Security card? Scan the appropriate QR code below or visit SSA.gov to start your application online. Most people can schedule their appointment – if required – at the end of the application process.

New Card

Replacement Card

Did you know that you can conduct much of your business online?
